RE: Federal Legislative Priorities Recommendations for Upcoming Cycle

DATE: Jan. 16, 2018

With the Federal Legislative Priorities in the current 2017-18 cycle as a baseline, the City Manager's Office is seeking from Council what items should be added, dropped, or modified for the 2018-19 cycle.

After staff and Council review of the current cycle of Federal Appropriations Requests, the following recommendations for discussion were made:

Vice Mayor Bob Daniels

- Drop the post office.

Council Member Chuck Newsom

- May I suggest we consider adding to the list of legislative priorities, that the City seek funds to jump start the redevelopment of the Seaboard Area. The funds could come in the form of grant monies, tax incentives, on low-cost loans to encourage investors, developers or potential business operators. I believe once we have some new development, more will come to our Seaboard area.
