**Re: Land Development Regulations (LDR) Update – Project Kickoff**

---

Kimley-Horn & Associates will be on hand to provide an overview/kickoff presentation for the LDR update project at the February 20, 2018 Planning Commission meeting. This presentation will provide an overview of the project and project timeline. In addition to the presentation, I wanted to make you aware of some other topics that will come up early in this project which will have a bearing on the direction of certain code sections of the update. Also, at some point soon we will need to discuss how the Planning Commission envisions involvement by other City advisory boards in this process. Discussion should include: which boards input should be sought for certain aspects of the Code and how does the Planning Commission wish to obtain that input.
