

Sec. 46-1. - Description of city parks system; authorized uses.

The following parcels of land, together with the various median strips located in rights-of-way within the city limits, shall constitute the city parks system. Such lands shall be used and developed exclusively for the enjoyment of the general public as public parks, including but not limited to such uses as playgrounds, playfields, quiet landscape areas, cultural activity areas, waterfront activity areas or any appropriate combination thereof.
