Why are you interested in serving on a board or commission?

I would like to see how the city economics work as well as contribute to the city government. This role will also help me take my position in student government to another level, providing me with the opportunity to be a voice for my generation and an active member of my community. Additionally, economics will always be an important part of my life; this is a great way to see how it will impact my community while allowing me to contribute to decision making as a member on this board.

Resume of Education and Experience:

In March of 2017, I shadowed the City of Venice's Finance Director Linda Senne on Venice High School's Student Government Day.
