**Subject: Venice Cultural Campus, Nokomis Road Entrance
(William H. Jervy, Jr., Venice Public Library Project)**

Ms. Weeden:

The County is in receipt of the request from the City to retain the southern Cultural Campus Center entrance drive which is currently scheduled for removal as part of the WHJJ, Venice Public Library construction project. While the removal of the drive was included in the permit, the County recognizes this is the City's prerogative as owner of the site, and will coordinate with City staff to accommodate this minor modification. No re-design or engineering is anticipated to be necessary to adjust the Contract Documents. The County will support the City with any minor drawing revisions necessary for permitting.

Sincerely,
