

MEMORANDUM

City of Venice

Public Works Department

TO: Ed Lavalley, City Manager

FROM: James R. Clinch PE, Director of Public Works and Asset Management

DATE: January 4, 2019

COUNCIL APPROVAL: Yes

MEETING DATE: January 22nd, 2019

STRATEGIC PLAN GOAL: Provide Efficient, Responsive Government with High Quality Services

SUBJECT: Resolution – City Roll-Off Dumpster Policy

Background: The City of Venice offers high-quality collection, transportation and disposal of commercial solid waste and construction and demolition debris. This service is offered with the use of a roll-off dumpster, which is a portable dumpster, delivered onsite and emptied by the City as needed. The proposed Resolution will require that all future City projects and City properties utilize City Solid Waste services for roll-off dumpsters, as opposed to a third-party vendor. Public Works has reviewed this proposed policy with the other City department heads and they all were supportive of this policy. While this policy would only address the internal City projects and property, additional options for private contractors will be presented as a separate item.
