James , I had told you the wrong date for this request. It's our next council meeting . Please request to place the Solid Waste/ Recycling Impact Fee on this item. Makes sense to hire the same consultant to start the financial analysis.

Sincerely,

Council Member, Bob Daniels

Please place under new business

Discuss moving forward with review of adding a Government Impact fee on all new construction just like Sarasota . We currently have public safety impact fees on all new construction. This could help with our revenue shortage due to red Tide and etc. in the general fund.

Motion : TBD

Sincerely,

Council Member, Bob Daniels
