Background:

- February 26, 2008: Property is annexed through adoption of Ordinance No. 2008-04 based on inclusion in the JP/ILSBA.
- March 18, 2016: Applicant submitted application for rezoning to RSF-2 and a concurrent preliminary plat.
- September 12, 2016: Applicant submitted a Conditional Use application for a gated community.
- May 16, 2017: Planning Commission recommended approval of the zoning with one stipulation as to density and the preliminary plat with 16 stipulations, 5 code modifications and 2 sidewalk waivers.
- October 10, 2017: Based on the number of stipulations and modifications, it was indicated by City Council, consistent with Planning Commission, that RSF-2 may not be the appropriate designation and identified PUD as more appropriate. Public hearing was continued to November 28, 2017.
- October 25, 2017: Applicant withdraws all three petitions to seek rezoning to PUD.
- November 28, 2017: Applicant submits an application for rezoning to PUD.
- January 16, 2018: Pre-Hearing Conference held with Planning Commission. During the pre-hearing conference, Planning Commission confirmed staff's determination that a public workshop was not necessary due to the scope and nature of the project remaining unchanged along with the reduction in density from the previous proposal for The Preserves project.
- April 10, 2018: A vested rights petition is approved by City Council allowing the applicant to submit an application for rezoning to PUD for the property designated as LDR in the newly adopted 2017 Comprehensive Plan.
- August 6, 2018: Applicant held a public workshop.

Murphy Oaks and the Comprehensive Plan

Section IV of the staff report provides analysis of Comprehensive Plan consistency. The Policies and Strategies to the right have been cited as some of the more applicable related to the Murphy Oaks PUD.

Environmental:

2010 Comprehensive Plan

- Policy 1.1- Open space and replacement of invasive plants.
- Policy 1.5 & 1.8- Compact development and open space.
- Policy 1.9 & 3.1- Habitat connectivity and minimized barriers.

2017 Comprehensive Plan

- Strategy OS 1.4.2 - Protection of Native Habitats and Natural Resources
- Strategy OS 1.4.4 - Non-Native Invasive Species
- Strategy OS 1.4.5 – Floodplain and Flood prone areas
- Strategy OS 1.6.2 - Open Space Corridor System
- Strategy OS 1.11.1 - Mixed Use Residential District Requirements

Land Use:

- Strategy LU-PB 1.1.2 - Mixed Use Residential
- Strategy LU 1.2.3 - Residential
- Strategy LU 1.2.16 - Mixed Use Residential (MUR)
- Strategy LU 1.2.17 - Mixed Use Residential Open Space Connectivity

Transportation:

- Strategy TR-PB 1.1.3 - Complete Street Elements
- Strategy TR 1.3.2 - Planned Developments
- Strategy TR 1.3.4 - Complete Street Segments by Neighborhood

Strategy LU 4.1.1. Transitional Language Specific to Comprehensive Plan regulatory language: Strategies - Land Use Compatibility Review Procedures (Policy 8.2):

Page 19 and 20 of the Staff Report provide the analysis of compatibility. The following table provides a good picture of the approved density of the surrounding area:

Residential Development	Residential Density (units/acre)
Milano PUD	2.56±
SJMR PUD	1.8±
Waterford PUD	3.67±
Sawgrass	1.8±
Proposed Murphy Oaks	2.65±

Planning Analysis

2010 Comprehensive Plan Consistency:

- Policy 18.4 – provides the development scenario for the JPA Area
 - Maximum 10% non-residential
 - Residential encouraged in Sub-Area 2
 - Equestrian uses permitted in Sub-Area 2
 - Maximum height 3 stories up to 42 feet in Sub-Area 1
 - 7.4 acres conservation and open space over 176 acres
 - Conserve environmental features
 - Mitigation techniques of compatibility Policy 8.2

Phone: (941) 486-2626 Fax: (941) 480-3031

Planning Analysis

Comprehensive Plan Consistency:

- Policy 8.2 and JP/ILSBA Section 10(I) – require compatibility evaluation based on the following:
 - Land use density and intensity
 - Building heights and setbacks
 - Character or type of use proposed
 - Site and architectural mitigation design techniques

Planning Analysis

Considerations for determining compatibility shall include:

- Protection of single-family neighborhoods from the intrusion of incompatible uses
- Prevention of the location of commercial or industrial uses in areas where such uses are incompatible with existing uses
- The degree to which the development phases out nonconforming uses in order to resolve incompatibilities resulting from development inconsistent with the current Comprehensive Plan
- Densities and intensities of proposed uses as compared to the densities and intensities of existing uses

Planning Analysis

Mitigation techniques of Policy 8.2:

- Providing open space, perimeter buffers, landscaping and berms
- Screening of sources of light, noise, mechanical equipment, refuse areas, delivery and storage areas
- Locating road access to minimize adverse impacts
- Adjusting building setbacks to transition between different uses
- Applying step-down or tiered building heights to transition between different uses
- Lowering density or intensity of land uses to transition between different uses. (County mitigation includes “increasing lot sizes”)

Summary - Findings of Fact:

Conclusions / Findings of Facts (General Comments): Page 15, Staff Report

General Findings: The proposed Murphy Oaks PUD includes a layout plan and zoning standards (contained in the binding master plan) that provides sufficient detail and limitation in terms of allowable uses. Further, the binding master plan proposes a development pattern that provides for a compact design approach which provides for minimized impact to environmental resources. The provided environmental report indicates consistency with the 2010 Comprehensive Plan (in place at application). In addition, the proposed development is not inconsistent with the environmental strategies of the 2017 Comprehensive Plan. A number of environmental development standards have also been included on pages 9 and 10 of the Binding Master Plan and will require compliance. Further compliance with flood zone and stormwater permitting will be required prior to development of the subject property.

Conclusions / Findings of Facts (Concurrency/Mobility): Page 17, Staff Report

Concurrency/Mobility: concurrency is required no later than the final platting phase of the project. Concurrency has been requested for public facilities with the exception of: stormwater and public schools. As indicated in the analysis of this report, there do not appear to be any significant capacity issues as a result of providing public facilities to the subject property to meet the needs of the proposed project. Although, it should be noted that there is an identified deficiency (Transportation) that will need to be mitigated through the payment of mobility fees that can be used to address the identified deficiency.

Conclusions / Findings of Fact (Consistency with the Comprehensive Plan): Page 21, Staff Report

Consistency with the Comprehensive Plan: Based upon the approved Vested Rights Petition No. 18-01VR, the fact that no inconsistencies are being created with the LDR or the MUR future land use designations, review of the application for consistency with both the 2010 and 2017 Comprehensive Plans, along with the fact that compliance is being maintained with the standards or the JP/ILSBA Joint Planning agreement with Sarasota County, the project may be found consistent with the City's Comprehensive Plan.

Findings of Fact (Land Development Code): Page 23, Staff Report

Compliance with the Land Development Code: The Murphy Oaks PUD rezoning may be found consistent with the required Land Development Code Chapter 86 including regulations as provided in Section 86-130 pertaining to the PUD zoning district and Section 86-47(f) regarding consideration of zoning amendments.

Upon review of the Murphy Oaks PUD rezoning petition and associated documents, comprehensive plan, land development code, staff report and analysis, and testimony provided during the public hearing, there is sufficient information on the record to take action on Rezone Petition No. 17-16RZ.

A motion should include reference to the stipulation contained in the Staff Report.
