Section IV – ELEMENTS – LAUREL ROAD NEIGHBORHOOD

Overview

The Laurel Road Neighborhood serves as a gateway from Interstate 75 to a number of neighborhoods including Knight's Trail, Northeast Venice, and Pinebrook. This predominantly undeveloped neighborhood has experienced sporadic non-residential development initially in the eastern portions of the Neighborhood. The commercial uses within this Neighborhood were initially considered to serve the needs of the Knight's Trail (Triple Diamond Industrial Park) and Laurel Road residential communities. However, planned developments within the City and development surrounding the City (Sarasota County) emphasize a further need for non-residential land uses. Major developments in the area include:

- Plaza Venezia/Publix
- Portofino
- The Bridges

Existing Land Use & Development

The Laurel Road Neighborhood encompasses approximately 473 acres (gross acreage) or approximately 4.6 ~~4.6~~ 4.4 percent of the total City size (area) including roads/rights-of-way. Based on information obtained in 2016 from the Sarasota County Property Appraiser's Office, there are approximately:

Both Laurel Road and Jacaranda Boulevard provide access to I-75.

Section IV – ELEMENTS – KNIGHTS TRAIL NEIGHBORHOOD

Overview

The Knights Trail Neighborhood is predominately industrial, situated East of I-75 and along Knights Trail Road. This Neighborhood is bordered along its southern boundary by the Northeast Venice Neighborhood and the Laurel Rd Neighborhood. Based on the carrying capacity analysis and development standards for this Neighborhood, specifically the Industrial land use areas, approximately one-half of the City's non-residential development could be located in the Knights Trail Neighborhood.

However, it should be noted that based on the existing development patterns within this Neighborhood, achieving this level of development is unlikely and may place undue burdens on the public infrastructure,

including transportation resources, without additional public expenditures by the City of Venice and Sarasota County.

Existing Land Use & Development

The Knights Trail Neighborhood encompasses approximately 848 1,136 acres (gross acreage) or approximately 7.9 10.7 percent of the total City size (area) including roads/rights-of-way. Based on information obtained in 2016 from the Sarasota County Property Appraiser's Office, there are approximately:

- 3 residential units (single family detached, single family attached, multifamily/ condominium), and
- 1,381,705 square feet of non-residential uses (industrial, commercial, office, civic, professional)

These numbers represent approximately less than 1 percent and 15 percent of the City's current residential and non-residential development, respectively.

Note: Laurel Road provides access to Interstate 75 for this Neighborhood. Sarasota County has identified an extension of Knights Trail Road to the north providing a future, additional access to this area.

Unique Neighborhood Strategies

Land Use

Strategy LU-KT 1.1.1 - Mixed Use Corridor

The MUC within the Knights Trail Neighborhood comprises approximately 169 acres generally including property along Knights Trail Road (see mixed use descriptions in the Future Land Use Element). The following shall apply for the MUC designation within the Knights Trail Neighborhood:

- A. The minimum residential density is 5.1; the maximum residential density is 13.0 dwelling units (DUs) per gross acre. The range of dwelling units permitted in the MUC is:

	Number of Acres	DUs per Acre (Max)	Minimum Development %	Maximum Development %	Minimum DUs	Maximum DUs	Existing as of 01/01/17
MUC	169	13	20%	50%	439	1,099	3

- B. The maximum non-residential intensity for the overall area is calculated based on a FAR of 0.50 (designation-wide); 1.0 (for individual sites). The range of square footage permitted in the MUC is:

	Number of Acres	Area Wide FAR	Minimum Development %	Maximum Development %	Minimum Square Feet	Maximum Square Feet	Existing as of 01/01/17
MUC	169	0.50	50%	80%	1,840,410	2,944,656	0

- C. Industrial uses are not permitted within the MUC.

Strategy LU-KT 1.1.2 - Industrial Lands - Existing

- The City shall protect the existing industrial land uses and properties within this Neighborhood to provide the City and region with a diverse economic base.
- The City, through the Land Development Code and development review processes shall provide standards to mitigate the potential adverse impacts created by industrial uses through a variety of measures, including buffering, site planning and design, environmental controls, and performance standards.

Strategy LU-KT 1.1.3 - Industrial Lands - Future

The City shall identify additional lands (which may include Joint Planning Areas), suitable for the development of light industrial and similar uses allowing for the expansion of the City's economic and employment base strengthening Venice's employment opportunities.

Strategy LU-KT 1.1.4 - Non-Industrial Uses

The City shall discourage retail uses in Industrial land use designations and zoning districts as a principal use to maintain and protect viable industrial areas. This Strategy does not preclude providing supporting retail, office, open space and other non-industrial uses which are determined to be accessory and necessary to support the industrial use (i.e., child care).

Strategy LU-KT 1.1.5 - Housing

Due to the nature of the Neighborhood and the adjacent residential opportunities in both the Laurel Road and Northeast Venice Neighborhoods, the City does not support the conversion of non-residential lands for residential uses.

Strategy LU-KT 1.1.6 - Mixed Use Residential

The MUR within the Knights Trail Neighborhood comprises approximately 318 acres generally including residential areas east of I-75 and along Rustic Rd and Ranch Rd (see mixed use descriptions in the Future Land Use Element). The following shall apply for the MUR designation:

- A. The minimum residential density is 1.0; the maximum residential density is 3.85 dwelling units (DUs) per gross acre. The range of dwelling units permitted in the MUR is:

	<u>Number of Acres</u>	<u>DUs per Acre (Max)</u>	<u>Minimum Development</u> %	<u>Maximum Development</u> %	<u>Minimum DUs</u>	<u>Maximum DUs</u>	<u>Existing as of 01/01/17</u>
MUR	318	3.85	95%	100%	1,163	1,224	3

- B. The maximum non-residential intensity for the overall area is calculated based on a FAR of 0.10 (designation-wide); 0.5 (for individual sites). The range of square footage permitted in the MUR is:

	<u>Number of Acres</u>	<u>Area Wide FAR</u>	<u>Minimum Development</u> %	<u>Maximum Development</u> %	<u>Minimum Square Feet</u>	<u>Maximum Square Feet</u>	<u>Existing as of 01/01/17</u>
MUR	318	0.10	0%	5%	0	69,260	13,014

- C. Specific to Open Space, see LU 1.2.16.6.c.
- D. The maximum number of PM Peak Hour trips for the Mixed Use Residential within the Knights Trail Area shall not exceed 785 PM Peak Hour trips.

Transportation

Strategy TR-KT 1.1.6 - Complete Street Elements

Multimodal transportation improvements shall be designed in a context sensitive manner and incorporate appropriate complete street principles based upon the location of the improvement within the neighborhood. Specific complete streets elements to be included on a particular street segment shall be subject to evaluation and approval on a segment by segment basis. Potential candidates for complete streets principles include but are not limited to Items identified by "x":

Section IV – ELEMENTS – NORTHEAST NEIGHBORHOOD

Overview

The Northeast Neighborhood is the largest of the neighborhoods (area) and generally includes all of the residential areas east of Interstate 75 extending to the Myakka River. This Neighborhood is bordered along its western boundary by both the Laurel Road and the Knights Trail Neighborhoods. This Neighborhood has been witnessing the majority of the City's residential growth and currently includes the following active residential communities (developed and/or approved for development):

- Venetian Golf and River Club
- Villages of Milano
- Toscana Isles
- Willow Chase

Existing Land Use & Development

The Northeast Neighborhood encompasses approximately 2,827 acres (gross acreage) or approximately 27.5 percent of the total City size (area) including roads/rights-of-way. Based on information obtained in 2016 from the Sarasota County Property Appraiser's Office, there are approximately:

- 1,647 residential units (single family detached, single family attached, multifamily/ condominium), and
- 67,423 square feet of non-residential uses (commercial, office, civic, professional)

Section IV – ELEMENTS – KNIGHTS TRAIL NEIGHBORHOOD

Overview

The Knights Trail Neighborhood is predominately industrial, situated East of I-75 and along Knights Trail Road. This Neighborhood is bordered along its southern boundary by the Northeast Venice Neighborhood and the Laurel Rd Neighborhood. Based on the carrying capacity analysis and development standards for this Neighborhood, specifically the Industrial land use areas, approximately one-half of the City's non-residential development could be located in the Knights Trail Neighborhood.

However, it should be noted that based on the existing development patterns within this Neighborhood, achieving this level of development is unlikely and may place undue burdens on the public infrastructure, including

transportation resources, without additional public expenditures by the City of Venice and Sarasota County.

Existing Land Use & Development

The Knights Trail Neighborhood encompasses approximately 818 acres (gross acreage) or approximately 7.9 percent of the total City size (area) including roads/rights-of-way. Based on information obtained in 2016 from the Sarasota County Property Appraiser's Office, there are approximately:

- 3 residential units (single family detached, single family attached, multifamily/ condominium), and
- 1,381,705 square feet of non-residential uses (industrial, commercial, office, civic, professional)

These numbers represent approximately less than 1 percent and 15 percent of the City's current residential and non-residential development, respectively.
