Dear Honorable Mayor Holic:

We have lived in Nokomis for 15 years, and moved to the Villages Of Milano 18 months ago. My husband is retired, but I do work full time in the City of Venice in an office in downtown Venice. I see a very important meeting is being held July 9, and reviewed the agenda regarding the Laurel/Border Road development, unfortunately I am unable to attend due to my work schedule.

We love our area and are very concerned about the growth in the Border/Laurel quadrant east of I75. Traffic is already very busy out here during the school year and of course "season" when our part time residents arrive.

I understand the development along the Jackson Rd. corridor. [CC 19-09CU](#) will be discussed. Jackson Road does not go through to Laurel Rd, your service departments such as Policy, Fire, & Waste, should be equally concerned. Without Jackson Road being another North-- South corridor, Jacaranda will become a safety concern during any emergency such as fire, storms or automobile accidents. Services to those new communities will be affected and you should implore the builders/ city/ county to make the road available to those residents and have a balance for the services that will inevitably required.

Please take care of this growing area for the safety of all concerned.

Respectfully,

Frank and Ruth Arona
