Why are you interested in serving on a board or commission?

I am currently serving as a student chair on the Public Art Advisory Board and I am interested in being reappointed and continuing my service. I have learned the importance of this board and the service they provide to the City of Venice. Through this experience, I have made contributions and decisions that I am proud of and I would not have been granted these opportunities if not for this board. Art is my love and passion and this board allows me to share it with my community.
