Dear Council Members,

Would you please consider this alternative for coming the jetty to fishermen from midnight until 6:00am...Close the jetty from 9:00pm until 3:00am, OR, 10:00pm until 4:00am?

I, and others have been fishing at the jetty from around 4:00 am for at least the past eleven years.

In those eleven years, I have only witnessed two instances, [AT 4:00ish](#), of two different cars doing donuts in the parking lot.

I NEVER saw drinking or other inappropriate behavior [during the 4:00 am until daylight hours](#) other than the cars doing the donuts!

More than likely, the bad behavior occurs during the 7:00 pm until the 1:00am-2:00am hours when alcohol is readily available.

We fishermen would certainly welcome being able to fish at the pre dawn hours, which, by the way, are the best times to catch the larger fish.

Thank you for any consideration you may render.

Sincerely,

Bill McGrath
Venice, FL 34293

Good Morning,

I'm writing to ask that you reconsider the proposal to close Humphris Park from midnight to 6:00 am.

Unfortunately, the 6:00 am opening time has the unintended consequence of prohibiting fishing from the South Jetty during the prime pre-dawn hours.

I submit that revising the opening time to 4:00 am would have the same effect of mitigating noise complaints from rowdiness and drunkenness while still allowing responsible fisherman the ability to enjoy fishing from the Jetty during the most productive time of day.

Thanks for your consideration.

Respectively,

Craig Coberly
