Why are you interested in serving on a board or commission?

I care about "our sense of place" in the city of Venice and would like to encourage preservation of what enhances our quality of life and to improve the city where possible. I appreciate the continuing encouragement to have new structures relate to our historic structures. As an artist and a Realtor, I've had a lifelong appreciation for unique and historic architecture. I do not live in an historic house, but love what the 1920s structures represent. I am also intrigued by the Sarasota School mid modern architecture which enhances our city. Our unique architecture and charm contribute greatly to attracting residents, tourists and businesses, alike.
