All,

Thank you so much for the correct responses to the proposals and requests regarding the Sheraton on 41 and Pine Grove.

I want to just clarify my statement on the Wawa in the event that I misspoke and wasn't simply misquoted:

"Why not a Wawa?" was what I meant to say in response to my issue with a 24/7 business being placed immediately next to a residence. As much money as the hotel would possibly generate, I can imagine a Wawa or a Chick-fil-a would generate even more. Just something to consider!

Thank you and keep up the excellent work!

Dear Mr. Mayor and Council Persons,

I would like to suggest that the city buy the property on 41 and Pinegrove. It would make a great park for an area that is underserved in the park department (compared to west of 41.) I think a bicycle shop would be great for one of the lots and a bike park on the other side of the street. This would be convenient for those using the Venetian Trail.

We really don't need another hotel. This imagined hotel will be bad for the neighborhood behind it which is filled with kids, the elderly and families who prefer not to hear late night party activities and the related traffic.

Please give this some consideration. We have had our home on Golf (formerly Golfview Drive) Drive since 1950 and are concerned with the projects the city has allowed in the past.

Thanking you in advance for your concern.

Sincerely,
Carolyn Holmes
