Why are you interested in serving on a board or commission?

I want to have the opportunity to serve this town by maintaining and expanding our awesome parks. I believe in the John Nolen's theory of a community connected through public access areas and parks. We must save and enhance the precious resources in Venice, our parks, for generations to come. I stand strong on environmental responsibility. Also, I am handicapped and can relate to the needs and requirements for disabled persons. Plus I have a good understanding most ADA regulations. Bottom line.... I LOVE VENICE AND I LOVE PARKS!
