Trump belongs in prison not our White house. Hope the blue wave crushes the Republican party for decades to come.

So pissed at Republican Senators. They sold out our Country and the worst the very worst part about this Trump dictatorship is that there are a bunch of white people that think he is good for our Country. WTF!

After watching the Senate hearing from about 2:30 PM to about 12:15 AM it proves that the Republicans are all Slim Balls. I am really wearing out the word assholes. I have lived in countries controlled by dictators. The people were not happy and that is the direction the Republicans are taking this country

Well the Republican party is heavily involved in Venice City elections. Why this much nastiness in a small city election. The control of land and what is done with it is worth millions and millions in the city. So people wearing the cloak of the Republican party can do evil things, they may not have the true conservative values but once they have the cloak they delve into the darkness and create chaos for the taxpayers.

Just saw on channel 7 a BS commercial against Margaret
Good.

The Republican dirt bags in this state are beyond help and
most should be in prison!
