Mayor Feinsod disclosed attending the planning commission meeting and telephone contact with two individuals. Vice Mayor Cautero, Dr. Fiedler and Mayor Feinsod confirmed they can remain fair and unbiased and base their decisions solely on the record presented today.

Ms. Stelzer advised written communication was included in the agenda packet, and correspondence received by 8 a.m. this morning was provided to council and will be included as part of the record.

Ms. Fernandez provided an introduction of hearing procedures and rules.

Anthony Pirrotti, 114 Medici Terrace, being duly sworn, presented his request for affected party status.

Patricia Petruff, representing the Venetian Community Development District (CDD), being duly sworn, objected to Mr. Pirrotti's presentation noting he is making legal argument instead of stating why he is an affected party.

Mr. Pirrotti spoke regarding view of proposed location from his residence, planning commission's denial of the application, proposal affecting property values, noise concerns, and requested his motion to dismiss and written communication to the mayor on the Florida Power and Light (FPL) substation explosions be included as part of the record.

Yes: 7 - Mayor Feinsod, Mr. Cautero, Ms. Moore, Mr. Pachota, Dr. Neunder, Mr. Kelly and Dr. Fiedler

Ms. Petruff had no questions for staff.

Mr. Pirrotti spoke to article six of the right-of-way (ROW) agreement between the CDD and FPL regarding conduit and lighting.

Ms. Shrum noted there is nothing in this proposal that would authorize

lighting, staff does not need to recognize agreements made between private parties during review of the application, and modifications to the plan would have to be through a site and development plan.

Mr. Pirrotti commented on conduit.

Ms. Fernandez noted the ROW agreement is not part of council's consideration today for this PUD.

Recess was taken at 11:39 a.m. until 11:46 a.m.

Ms. Petruff responded to council questions regarding FPL's reclaim clause.

Mr. Pirrotti called for a point of order stating it is ethically improper for an attorney to advocate a position that contradicts the FPL agreement.

Ms. Petruff noted in her experience she has never had a developer who

was required to remove an accessory use.

Discussion continued regarding the community's concern and input, amending the homeowner's association (HOA) document to include changes to the land, Ms. Petruff's testimony on proximity of amenities to residences in surrounding PUDs, distance from current recreation area to proposed location, using tennis courts as an alternate location, noise levels between tennis and pickleball, sound barrier, low frequency sounds traveling at a greater distance, and restrooms.

Mr. Schappacher advised there cannot be a permanent building underneath the power lines.

Discussion ensued on FPL's access to power lines and parking for work trucks, adding a restroom, portalets, access to shade and water, shelter, and removing conduit.

Recess was taken at 12:54 p.m. until 2:08 p.m.

Ms. Pirrotti inquired if there was a professional agency employed, other than the engineer, for the acoustical report.

Ms. Moore called for a point of order noting Ms. Pirrotti is supposed to be making a presentation and not asking questions.

Ms. Pirrotti commented on obtaining professional testimony on the acoustical report, thanked the planning commission for their decision, and requested council deny the appeal.

Tyler Cassell, designated representative, being duly sworn, provided a presentation to include purpose of today's hearing, February 2, 2021 PUD statement myth on the community's support, the CDD's knowledge there was opposition to the plan last summer, recent tennis players petition for pickleball, myth that the VGRC needs these amenities to stay competitive, other newer nearby clubs, Northeast Venice Park plan, aerial view of site, proposed site being 50 feet from 218 Pesaro Drive, reason site was chosen, proposed location, dangerous high-voltage power lines overhead, reason FPL gave the CDD a contract, FPL contract requiring danger signs to be posted, whether it is dangerous under the power lines, abatement of pickleball noise, using experts to measure noise, the Punta Gorda case, Punta Gorda pickleball courts, the Naples and Wynmoor stories, number of VGRC homes affected by the noise, reason for the planning commission's decision, and requested council deny the plan and site.

Catherine Cardona, 118 Medici Terrace, being duly sworn, stated reasons pickleball courts and a dog park should not be built at proposed location.

John Moeckel, 185 Treviso Court, being duly sworn, noted dog park should not be approved, approving amenities will negatively affect property values, there is room at the River Club for pickleball courts, and recommended council deny the appeal and potential request to place pickleball courts at the west end of the golf course parking lot.

Richard Ruhl, 218 Pesaro Drive, being duly sworn, spoke to purchasing home, concern with wildlife being affected, and requested council deny the appeal.

William Saro, 130 Medici Terrace, being duly sworn, spoke regarding home selection and purchase, supporting concept but not proposed location, lack of symmetry to the rest of the community, location of

amenities, upholding the planning commission's decision, Mr. Schappacher's alternative plan for three pickleball courts but no dog park, petition to oppose placing pickleball courts by the tennis courts, and property rights.

Mr. Schappacher presented a drawing showing affected areas within a 350 foot radius of the proposed location.

Ms. Petruff continued to speak on adding pickleball courts adjacent to the clubhouse and keeping the dog park at proposed location, FPL agreement requiring an insurance policy, and providing staff with revisions to the text language and master plan drawings at second reading.

Mr. Schappacher commented on the petition and written correspondence received.

Mayor Feinsod closed the public hearing.

A motion was made by Council Member Kelly, seconded by Council Member Moore, that based on the evidence in the record, Ordinance No. 2021-17 be approved on first reading and scheduled for final reading with the addition of the following stipulations: 1) move proposed location of pickleball closer to the tennis courts, 2) reduce the number of courts from four to three, and 3) keep dog park at proposed location.

Mr. Shrum advised moving pickleball courts to a different location may require a separate application.

Discussion followed regarding having two separate applications, approving the dog park only, denying petition until consensus is reached by parties, and addressing rezone.

Ms. Fernandez advised council of the code provision for denying a rezone and suggested including a stipulation waiving the one year limitation to bring forth another rezone application.
